

*Paul Eberharter  
Principal and Managing Member*

Eberharter Architects was established in 2000 by Paul Eberharter, who has been actively working in the architecture and construction fields since 1979.

Eberharter Architects is an Architectural and Real Estate Development firm with experience in commercial design, custom homes, assisted living facilities, health club facilities, professional offices, recreational projects, multi-family housing and mixed use high-density buildings.

Eberharter Architects designs traditional, transitional and contemporary architecture using forms and materials that respond to the site and project context.

*Roseway Condominiums Prospective*

A professional staff carefully manages each project tailoring the scope of every project in order to realize the character of each design leveraging the project's architectural value within the available resources.

Eberharter Architects has the experience, talent and knowledge necessary to create successful public and private architecture.

*Craftsman-style Remodel*
